**PRESS RELEASE:
TWISTED COMBO LOCK RELEASED**

**PRESS RELEASE
KNOG HEAD QUARTERS
THE KNOG PARTY COMBO**

LONG, BENDY, HARD-CORED AND SMOOTH TO TOUCH.

Knog, those guys from Melbourne who brought you the Party Frank and Party Coil locks, the Blinder lights and other cycling bits and bobs, bring you the **Twisted Combo** lock.

Just as mighty as its cousin the Party Coil, but without the key.

Still got the seamless 1300mm-long cable.

And the braided high-tensile steel wire.

And the fibre core technology that beats away bolt-cutters.

And the non-scratch UV-treated PVC cable sheath to protect your bike, your fingers, and your reputation.

And it's still lightweight (360g).

And it still comes in multiple fancy pants colours - in act we have 6 new shades of colour.

But now we've lost the key, and found 10,000 unique lock combinations.

Which begs the question: what's your Combo?

TECHNICAL SPECIFICATIONS:

- Non-scratch UV-treated PVC cable sheath. Will not mark or scratch your ride.
- 8mm Stainless steel locking shackle. No leverage points means extra security against attacks
- Rotating dial lock barrel, with 10,000 unique combinations. Materials: Zinc Alloy Die Cast.
- Braided steel cable with fibre core (making cable more secure in the event of bolt cutter attack).
- Outer Cable Diameter: 10mm.
- Internal Steel Cable Diameter: 5mm.
- 1300mm in length.
- Weighs 360g
- Colour Range: Black, Lime, Turquoise,, Red, Grape, Indigo.

See knog.com.au for more information on Knog and the Party Combo.
