LOCK HARD

PRESS RELEASE
KNOG HEAD QUARTERS
THE KNOG BOUNCER
U-LOCK

SMOOTH TO TOUCH. LOOKS HOT. TAKES NO SHIT FROM THUGS.
YOUR PERSONAL BODYGUARD.

The super tough Knog U-lock, the high-security, affordable and mighty smooth Bouncer.

At only 800 grams the Bouncer packs a punch with its hardened steel housing and 13mm shackle, which is over-moulded with a soft, tactile industrial grade, UV resistant silicone. It won't mark or scratch your bike but it could kill a thug.

But our Bouncer is much more than a sexy meathead. The lock has an inbuilt high security disk style lock cylinder with 5000 possible combinations and a double deadlock mechanism. For extra security the lock is supplied with two over-moulded, colour-matched keys. It also comes with a unique key code to allow replacement of lost keys –fully traceable through Knog – if you leave your keys around the traps.

Accredited Sold Secure Bronze, the Bouncer has a strict door policy and its spring-loaded keyhole gate, won't let any unwanted nasties into the barrel. Like all Knog high-security locks, the Bouncer is frost, dust and corrosion resistant.

The Knog Bouncer comes in three colours: white, black and teal. Expect them to retail around USD\$49
